- iii) Members of staff with a *prima-facie* case for promotion to the post of Professor or Reader shall submit four sets of their publications to the Vice-Chancellor through the Registrar within three months from the Date of receipt of the notification from the Registrar, failing which the assessment shall be deemed to have lapsed.
- iv) External assessors are to be given three months within which to complete their assessment. In the event of inability or failure to comply within the stipulated time, other assessors should be requested to undertake the assessment of the candidate.
- v) Where one assessor responds and others do not and therefore new assessors have to be appointed for the candidate's promotion if and when it comes, shall be made retroactive to the date when the promotion would originally have been made.

- vi. The Vice-Chancellor shall make regular progress reports to Council on all candidates currently undergoing external assessment.

RIGHT OF APPEAL

Candidates shall have the Right of Appeal at every level of the appraisal exercise up to the Council. However, this must be made through the Head of Department concerned and the Dean of the College concerned. An advance **COPY** of the appeal may be sent directly to the Vice-Chancellor by the candidate. Appeals will only be considered by the Appointments and Promotions Committee and the Council if both the candidate and the Dean are able to produce fresh evidence that was not available when the original decision was taken.

The present practice of sending six names from the Dean of the Faculty to the Vice Chancellor (in strict confidence) is retained. For quick and effective results, however, the following additional procedures have been adopted:

- a. After the selection of three out of the six recommended assessors by the Vice Chancellor, the University shall, using courier services, obtain the consent (in writing) of the assessors and their willingness to carry out the exercise within three month of the receipt of the candidate's papers. If at the expiration of two months no response was received from the assessors, a reminder shall be sent. Any two positive assessments shall qualify the candidate for the position being considered. If the University fails to receive the consent of any assessor within three weeks of the fourth courier message, such assessor shall be changed and another one contacted. If a willing assessor fails to complete and return the paper of any candidate within the stipulated three months period after courier services, the papers shall be retrieved and sent to a willing assessor.
- b. Absolute secrecy in dealing with external assessors shall be maintained. Where there is an evidence of any undue influence being exerted by officers unauthorized such as Deans, Directors, HOD's, external assessors or any other party on the assessment(s), such exercise would be cancelled and the candidate forfeits his right to being assessed that promotion year. This action would not in any way be prejudicial to any other disciplinary action deemed necessary under the circumstance.
- c. Duration of external assessment shall not exceed 4 months and reminders to external assessors shall be sent after 2 months.
- d. All Professors shall be re-assessed after every 3 years with regard to Teaching, Supervision, publications and Mentoring.

In such circumstances, the candidate, through the Head of Department and the Dean, shall produce fresh evidence, indicating that the earlier interview or assessment was not based on all the available facts and that resulted in his/her wrong placement. The Appointments and Promotions Committee shall, at its own discretion, decide on whether or not the regrading should be backdated.
